2019 SPRING UPDATE

*GAR Ashland*

One of the most impressive bulls to emerge from Agri-Gene's recent USA tour has been **GAR ASHLAND**. He has been one of the best phenotype bulls to come out of the GAR program and also has the numbers to back him up - Top 1% of the breed for all \$indexes and growth with breed leading carcase data.

Ashland offers an outcross alternative to some of Australia's high indexing pedigrees such as Regent, E7 and Berkley and is an excellent heifer option with a unique combination of Calving Ease, Growth, Marbling and Muscle.

*Bruin Torque 5261*

We are on a tight allocation for supply on Ashland so order early to avoid missing out for Spring Programs.

**BALDRIDGE BEAST MODE** was another stand out from the USA tour and his first Australian sons are starting to top the sales in Australia with him topping the recent KO and Ben Nevis bull sales.

**MUSGRAVE 316 STUNNER's** early Australian progeny are also starting to impress. He is producing calves with muscle shape, depth of body and excellent foot quality. In the USA he is going from strength to strength and at Musgrave's 2019 Bull Sale Stunner's sons topped at \$81,000 and averaged \$13,380.

*Musgrave 316 Stunner*

Other bulls to impress from the USA were **BRUIN TORQUE 5261** and **SAV ABUNDANCE 6117** who are both elite phenotype bulls that will put some shape back into our herds - both bulls have potential to become elite maternal sires.

**EF COMMANDO 1366** recently sired the Australian record selling \$160K son at Millah Murrah Angus, he has sons at every major AI stud and is an excellent heifer option for spring. He offers short gestation and outstanding Calving Ease, has excellent foot quality and is one of our best for semen fertility and conception rates.

2019 SPRING UPDATE

Glenloch-JK Makahu M602

From Australia our two most popular domestic bulls for 2019 will be **CHILTERN PARK MOE M6** and **GLENOCH-JK MAKAHU M602**. Moe has emerged from our 2017 EDGE team and is proving to be an elite outcross calving ease option who will add growth, improve feet and legs and is bomb-proof on temperament. He is top 5% or better for all \$indexes and is a soft, deep bodied bull who will keep your mature cow weight in check and improve feed efficiency.

**MAKAHU** is a larger framed Reality son who really impresses on inspection; superb foot structure and top line, tremendous hind quarter and deep bodied with smooth soft skin. He has generations of sound productive females in his pedigree and his early progeny are calving easy and are very eye-appealing showing style and softness with added strength.

Chiltern Park Moe M6

Coonamble Nic Nat N439

## NEW RELEASE SIRE

**NIC NAT** - Purchase by Murdeduke at the 2019 Coonamble Bull Sale. Nic Nat has developed into an impressive thick and deep bodied bull with good feet and legs. He is a Discovery son who has his fat covers in check and offers an excellent well balanced set of EBV's.

**PARTHENON P199** is an exciting new release for spring 2019. Parthenon P199 has a breathtaking set of EBV's that will make you look twice; +5.4 IMF, +5.1 Scrotal, +\$226 Heavy Grain Index, +\$175 ABI, over +1 for Fat Cover, Growth in the Top 10% with good Calving Ease figures. Phenotypically he has the presence of a stud sire with a good top line, butt shape and depth of flank on a solid set of feet and legs.

**BRICKYARD** is one of the best footed young sires we found on the July USA Tour. Brickyard is a new release outcross sire for spring. He offers a huge birth to growth speed with double digit EMA and one of our best for Retail Beef Yield.
